SKILLS SUMMARY

Computer Languages	Java, JavaScript, C#, SQL, HTML, CSS
Libraries	Vue, Vuex, Node.js, SCSS, TypeScript, Bootstrap, jQuery, Vuetify, Webpack
Software & Tools	Git, GitHub, Adobe Photoshop

EXPERIENCE

- **Dell Technologies** Round Rock, TX
Contractor, Software Engineer *Jan 2018 - March 2018*
 - Led design and implementation of the frontend for an Agile team on a Go and Vue developed infrastructure application.
 - Rebuilt the frontend to make use of routing, components, and state store.
 - Introduced Webpack and an asset pipeline into the application's build process.
 - Built out 30 components, and cut the number of HTTP requests in half.
- **APPrise Mobile** New York, NY
Contractor, Software Engineer *Oct 2016 - Dec 2016*
 - Developed the Node.js web services of the theEMPLOYEEapp platform to assist with the Amazon Web Services multi-region hosting project for Dunkin' Donuts, Toyota, and Northwell Health clients.
 - Worked closely in an Agile environment with the SVP of Engineering in refactoring code to standards, creating MongoDB schema, and designing Mocha tests.
- **My Gold Animals** <http://mygoldanimals.com/>
Web Developer, Freelancer *Jan 2015 - Dec 2015*
 - Consulted with ownership to establish project scope and needs to create the business's website from design to implementation.
 - Converted Adobe Photoshop designs into web ready assets.
 - Developed the backend using the ecommerce PrestaShop platform in PHP and MySQL.

PROJECTS

- **Bike Network Location Finder**
 - A Google Maps for bicycles. Online, interactive map of 400k+ bicycle stations that won first place for completion, team management, and organization. Contest was sponsored by <https://fullstack.network>. Vue, Go, SQLite, RESTful.
- **LoveYouForever**
 - A creative playground for myself, based on the hit game and show Amagami SS. It showcases the use of CSS Grid, Vue, Laravel, and Docker.
- **Rasa.NET**
 - Server emulator for the game Tabula Rasa. C#, .NET Core, MySQL

EDUCATION

Rowan University

Bachelor of Science in Computer Science
